TOWN OF SALISBURY

BOARD OF HEALTH

5 BEACH ROAD, SALISBURY, MA 01952

November 2020

Dear Salisbury Residents,

The Town Manager's office and Health Department have been working closely to track all COVID-19 cases in the Town of Salisbury. In order to prepare for vaccine distribution, we are working with other town departments to plan Emergency Distribution Sites to administer vaccines when they become available. In that effort, we are seeking volunteers to assist at these sites.

If you are interested, please submit the form below via email or US mail. You are also encouraged to follow the Town's website and Facebook page or social media to acquire information.

Please be assured that the town departments are busy planning for the pandemic response on a daily basis in an effort to protect Salisbury residents.

Thank you.

Neil J. Harrington, Town Manager

John W. Morris, Director Public Health
